EXPERTS IN CORPORATE PRESERVED FLORISTRY

NATURALLY PRESERVED FLOWERS & FOLIAGE

BRINGING COLOUR & CREATIVITY TO HOTELS, OFFICES, RESTAURANTS BARS & PRIVATE RESIDENCE

We provide stunning floral arrangements to hotels, retailers, restaurants, offices and private homes.

Tailored to any business need, and appropriate for practically any industry, our reliable deliveries of freshly preserved creations for your premises add constant beauty to any interior. Meeting with you to gain a thorough understanding of the atmosphere you want to create, our dedicated team will provide and

replenish as many arrangements as you require to transform your working environment.

Even the smallest reminder of the natural world can make all of the difference, and thanks to our preservation techniques, with all our flowers and plants you get all of the impact of nature in it's prime, but with none of the upkeep and concerns about freshness.

OUR PROCESS

SELECTION

Our roses are picked by hand from some of the world's best rose growing sites in South America, Europe and Africa, each of which are home to the ideal rose growing weather conditions.

ABSORPTION

Within this environment, as the water and sap within the plant evaporates, it is replaced with our completely natural and top secret preservation formula.

STABILISATION

Once picked, we place the roses in a delicately balanced micro-climate, with constantly monitored humidity, heat and light levels.

PRESERVATION

Now, the roses are kept at the peak of their natural beauty, staying at this point for years and years at time without any water, sunlight or any other kind of care being necessary.

OUR BENEFITS

LOW MAINTENANCE

Our roses don't grow. They don't need to, they are perfect as they are. They don't need water, sunlight or even soil – they couldn't be easier to look after. By doing nothing you keep them looking at their absolute best

ALL NATURAL

The roses are, of course natural, and we conserve them without the use of toxic chemicals, plastics or synthetic fibres – meaning they look and feel as natural as they did out in the fields.

WON'T ATTRACT DUST

Conserved plants can't generate or hold an electrostatic charge, and as such, will not attract dust in the same way as artificial plants.

NO FREEZE DRYING OR DEHYDRATION

Every last one of our roses and plants is treated before it leaves our sight, and as such, there is no need for freeze drying or dehydration techniques for transportation, both of which have a tendency to inhibit key characteristics of the plant that make our conservation formula as effective as it is.

COMPLETE VERSATILITY

Our preservation techniques are as applicable to green walls and statement centrepieces as they are to bridal decorations, our plant pieces offer low maintenance throughout the whole range giving you the scope of creation required.

ENVIRONMENTALLY FRIENDLY

With their long shelf life, and the low energy costs of transporting and storing them, the carbon footprint left by our conserved plants is significantly lower to that seen in fresh-cut and artificial flowers.

HOTELS AND RESTAURANTS

The value that our conserved plants represent is unrivalled. Our preservation techniques keep our plants looking pristine for years and years at a time, with no need for soil changes, constant watering or replanting along the way.

HOTELS

THE NEED

The list of maintenance required for plants and flowers in a hotel is endless. The constant need to water, sweep up dead petals & leaves, and replace can be highly time consuming. Why spend the time doing this when you can spend this valuable time giving your customers a high class experience.

THE APPROACH

We work closely your hotel before your project starts to ensure we understand your vision and goals. We study your target audience and hotel decor closely so we can establish what products are best suited and where these will be best situated throughout your hotel. From our elegant entrance plants, gorgeous glass cosh roses and our breath taking bouquets, the possibilities with Envie are endless.

“

A long-lasting relationship
with very low maintenance

”

MAKING A GRAND ENTRANCE

THE BENEFITS

Our products can last up to an incredible 25 years. Forget contacting your florist every week to update your flower arrangements, with Envie you're investing in a long-lasting relationship with very low maintenance. Hotels can spend an average of £3,000 to an eye-watering £15,000 a year on flowers and plants, the savings you will make with us will lesson your outgoing costs dramatically.

PERFECTION ON A PLATE

“Beauty is served with a
glaze of elegance.”

RESTAURANTS

THE NEED

A restaurant is often the place that offers people an escape from the outside world, it gives them the chance to take the night off from cooking and allows them to be waited on hand and foot. Well maybe it's your turn to be waited on hand and foot. Let us deliver an elegant update or beautiful renovation to your restaurant through the means of plants and flowers. Not only are we improving the surroundings in your restaurant, but we are also improving your customers experience.

THE APPROACH

Working alongside you, we can create custom and bespoke products catering to yours and your customers taste. We understand that every restaurant is different and offers a different experience so no two of our decorations will be the same.

THE BENEFITS

Plants, flowers and foliage can add something extra special to a restaurant and can take a customer to a different place, but the constant maintenance can be hard to manage. Let us take that worry away from you and give you a restaurant renovation that endures through the years.

“
Guaranteed to
outlast any other
standard floral
arrangement.

”

LUXURY TRAVEL, GLOBALLY STYLISH

THE NEED

Luxury travel is for those who enjoy the finer things in life. Many luxury airlines and cruises offer elegant touches that can enhance their customers experience. With Envie this can be taken to a higher level. Perhaps a delicate glass cosh rose in every cabin or a simple and stunning single rose for every first class passenger. Our roses and flora can be a constant reminder of your brand. We have something for every aspect to enhance your customer journey.

THE APPROACH

We understand that luxury travel is in a league of it's own and offers a truly unique experience, which is why we work with our airline and cruise partners closely and to the finest detail. We understand your customers, we know their needs and we know what makes them tick.

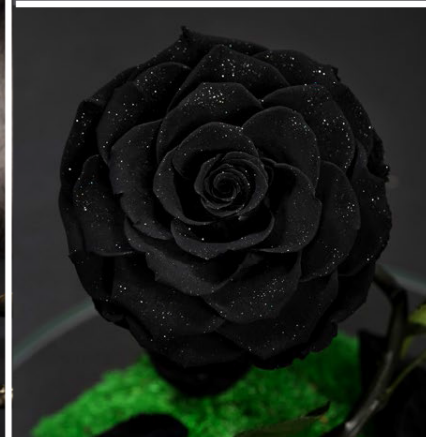

THE BENEFITS

Planes, yachts and cruises have a busy schedule and any maintenance can be time consuming and leave an impact on time schedules. Forget any maintenance with Envie. Once we have set up your arrangement, you don't have to worry. Our products are long lasting and durable, and hopefully so will be our relationship.

“

Timeless beauty promised
to you for years to come.

”

**BUSINESS
IS JUST
BLOOMING**

PROPERTY

THE NEED

With a fast growing population, we're seeing new houses, apartments, development areas and property companies appearing constantly. Give yourself the head start you deserve with Envie and create a strikingly beautiful environment for your clients and customers. Forget an unwelcoming apartment lobby or a dull property office, add some life with our long lasting range of plants and flowers.

THE APPROACH

The process that goes into planning and developing any new building can be long and gruelling but the rewards are incredible. We join the process early to understand your vision for your new development before taking a step back to make a plan of which products we will use and where. The end result is something you will be proud of.

THE BENEFITS

Not only do our products bring life and elegance to any room but they are also guaranteed to last up to 3 years. You're making a long term investment with Envie and we'll be there with you every step of the way.

“

Home improvement
has never been so easy
with Envie.

”

LIFESTYLE

THE NEED

Your home your sanctuary and a window to your creativity. As the saying goes 'home is where the heart is'. There's no greater feeling than being able to welcome family and friends to a home that you are truly proud of. Envie prides itself on its home decor collection and our bespoke interior service can enhance the interior design of our home.

THE APPROACH

Our interior service lets you stay in control. By talking through your design ideas our creative team can create beautiful decorative solutions for every room. Transform your home with beauty and elegance.

THE BENEFITS

Accessorizing your home has never been so easy with Envie. Our preserved flora art and staging solutions can help make your house a home with a lifetime of beauty. Our experienced floral team are second to none.

LUXURY LEISURE

THE NEED

People often rely on leisure as an escapism from the worries that life can bring. From retail therapy to spa days and makeovers, to relaxing with a drink. Every bodies idea of leisure is different. We can create long lasting bespoke creative products that enhance your spaces creating personality that will give your customers a memorable visit.

THE APPROACH

We delve deeply into colour complementing when it comes to your leisure interiors as we want to make sure we create the right ambience and give your customers the best experience. We look at your customers expectations and the environment supporting that with time spent with you so we can help to make that time special.

THE BENEFITS

Envie can offer you a service like no other. Long lasting products, long lasting support and a long lasting sensory experience, ensure our decorative solutions will leave you and your customers in awe.

CORPORATE

THE NEED

There's nothing better than having a positive workforce behind you. By introducing flowers and flora it helps to improve moral, create positive work environment. This can be as simple as adding a splash of colour, but what about adding a splash of colour by using long lasting, no maintenance plants? Our wide array of plants can easily brighten up any creative space.

THE APPROACH

Your workspace all depends on your company mission. We take time to understand your company mission and make it our business to transform your workplace into something spectacular where staff thrive and look forward to work.

THE BENEFITS

Most workplaces have to staff or contracts allocated to maintain their plants every week. Whether that is to water them, feed them or to clean up fallen leaves. All those tasks will disappear with Envie, helping to reduce cost and wasted time. Our products can last up to an incredible 25 years, so all you need to do is let them work their magic.

HOSPITALS

THE NEED

Hospitals save lives, change lives and bring new life into the world. They are perhaps sadly not always a place we associate with happiness but Envie can offer and bring some comfort.

The pollen in standard flowers can bring allergies to hospitals which is why they are prevented. However with Envie that problem is no more. No more allergy problems, only comfort and beauty.

THE APPROACH

We approach every hospital differently and consult you to make sure we add the right touch. Whatever reason your patient is there for, you want to ensure that you can give some ease during their stay. We work with you closely to ensure we can achieve this.

THE BENEFITS

We have reinvented the flowers and plants we all know and now they finally may be allowed in hospitals again. Gone are the worries of allergies and the constant need to water and maintain. Let us take care of you as you would your patients.

“
Let us work together to achieve
the most stunning outcome in
your ideal space.

”

NATURAL PRESERVED TREES

THE NEED

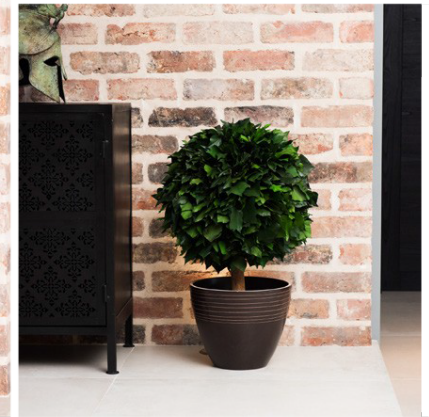

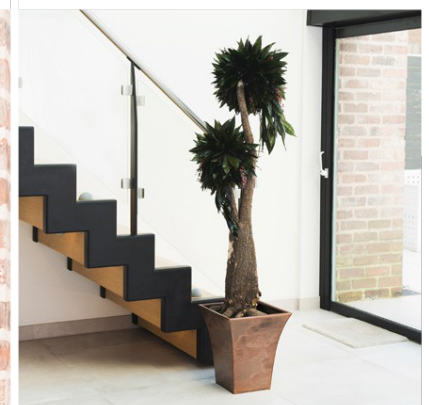

Trees and plants can often provide a breathtaking entrance to a room or brighten one up. However they are difficult to manage and the maintenance required on them can be difficult to maintain. Envie's naturally preserved trees can last years with absolutely no maintenance required.

THE APPROACH

Whatever your need for our trees you can be assured that we will have something that meets your taste. Bonsai, trees, totems and plants. You name it, we've got it. Let us work together to achieve the most stunning outcome in your ideal space.

THE BENEFITS

Our beautiful and naturally preserved trees last for many years and with them you're making a one time investment. There is no need for constant watering and soil changing so sit back, relax and let the trees work their magic.

“

Long lasting products, long lasting support
and a long lasting effect, ensured to leave
you and your customers in awe.

”

CORPORATE GIFTS

THE NEED

A gift is a gesture of goodwill that can leave a long lasting impression. However, gifting your clients with bags, pens and other stationery items is tired and tested. Envie can help you gift something truly unique to your clients that will leave a long lasting impression.

THE APPROACH

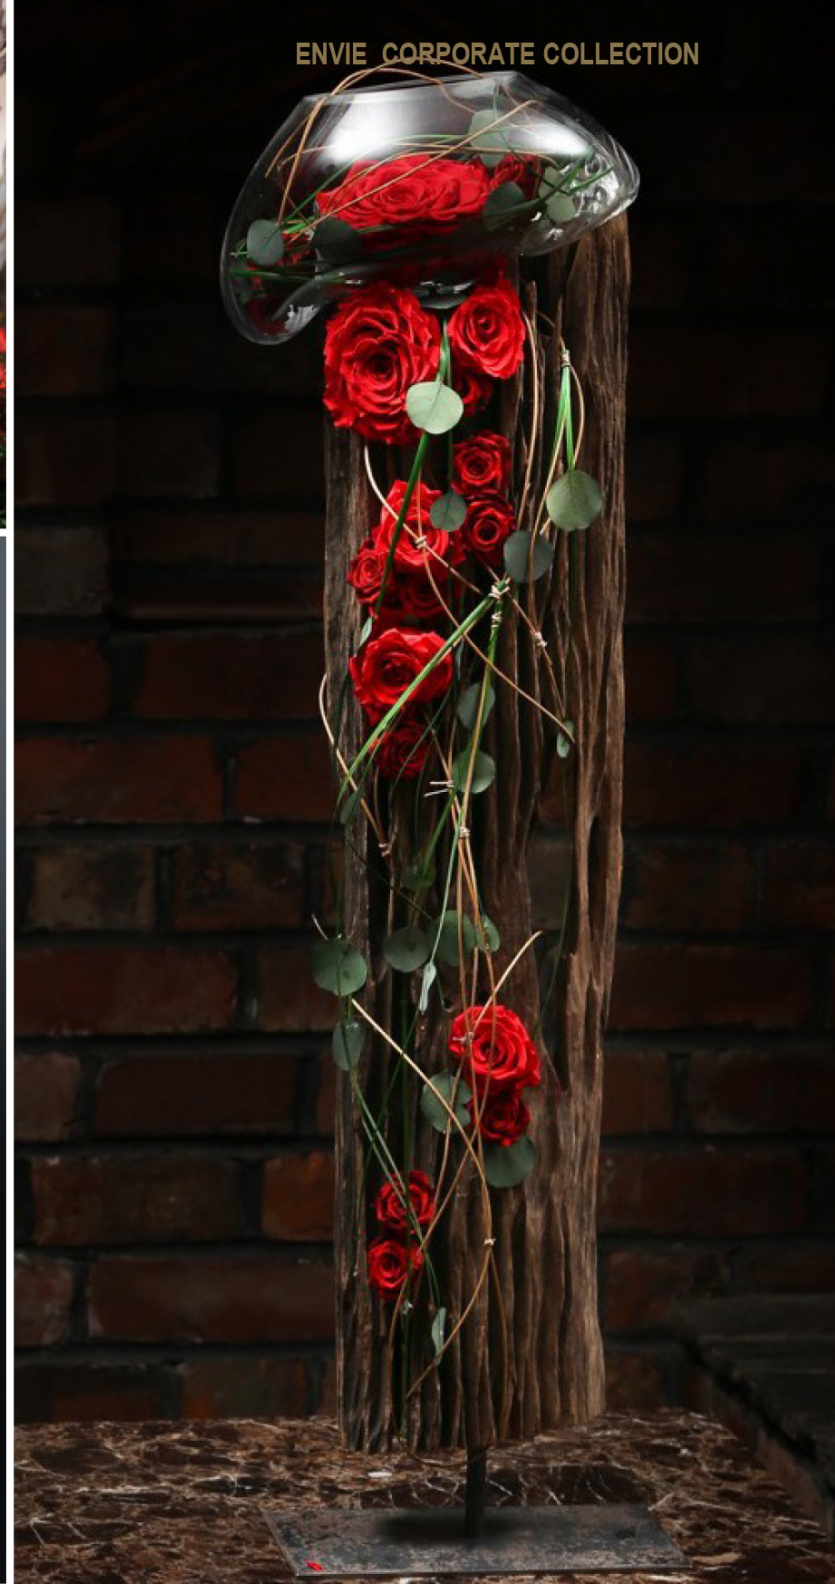

Whether you're taking your clients out for business, leisure or perhaps hosting them at an exhibition we can work with you to make sure you give them the best possible gift that will leave your interaction with them a memorable one.

THE BENEFITS

You can be assured that our corporate gifts are something that will not easily be forgotten like most others. Our products can last years and so could yours and your clients business.
